

BITS Pilani
K K Birla Goa Campus

DEPARTMENT OF
Humanities & Social Sciences

Department of Humanities & Social Sciences

About the Department

The Humanities and Social Sciences at BITS Pilani, K. K. Birla Goa Campus, was established in 2004. The department is dedicated to recruiting faculty members from newer research areas alongside traditional disciplines. It provides support and autonomy to the individual teachers to develop their areas and introduce new courses, particularly in interdisciplinary areas. The expertise of the faculty members range from Shakespearean studies, literary theory, ecocriticism, film studies, meta-cognitive studies, tourism studies to developmental studies, disaster management, environmental social sciences, maritime studies, qualitative psychology, mental health and professional ethics.

Our Mission and Vision

The Department of HSS is one among the several technology and science departments at the K. K. Birla Goa Campus envisaging the vision of BITS Pilani University (to be deemed). The Department of HSS aims at bridging the gap between technology, science, and humanities; theory and praxis; and academics and society, through offering courses to undergraduate students in multi-and trans-disciplinary academic areas such as Literary and cultural studies, Tourism studies, Ecocriticism, Indigenous Studies. Environmental Humanities, Cross-cultural communication, film studies, digital humanities, gender studies, environmental adaptation, disaster management, development studies, international relations, maritime studies, philosophy of mind, bio-philosophy, ethics, cognitive science, and so on. By bridging the gap between disciplines, the Department of HSS aims at sensitizing students about ethical, aesthetic, environmental, societal, political issues and concerns, thereby enhancing their intellectual and critical abilities. Owing to the undergraduate students' special interests in humanities and social sciences, the department offers two minor programmes in Philosophy, Economics and Politics (PEP), and English Studies. In tandem with the research acumen and expertise of the HSS faculty member, the department offers an M. Phil. in Liberal Studies and Ph.D. in HSS. The research programs are designed with a focus on understanding the deep societal connections between humanities/social sciences and science/technologies. These programmes help to augment the knowledge and competence of the PhD and M.Phil research scholars in interdisciplinary fields within Humanities and Social sciences. The research scholars are encouraged to present research papers in national and international conferences and publish in highly reputed journals which strengthen their critical thinking and communication skills a requisite for teaching, research and for analysing the real-life problems in the world. The department aims at embodying a holistic and value-oriented approach towards creating/engaging in knowledge production in the diverse fields of humanities and social sciences, and providing an intellectual space for students to think critically, consistently engage with societal problems, and thereby create a just world for all living beings.

Admission

Ph.D. Admission Open for Second Semester, Academic Year 2023-24

Minimum eligibility criteria for “Full - Time” admissions

- ❖ 65% CGPA or above in Masters
- ❖ Suitable match between academic background and research interest
- ❖ Research area matches the expertise available in the department
- ❖ Written exam followed by interview
- ❖ M.Phil and/or UGC-JRF holders exempted from written exam

Full time candidates

- ❖ Eligible to be considered for fellowship of INR 28,000 or 31,000 per month as per intake qualification
- ❖ Candidates from thrust areas to be considered for institute fellowship
- ❖ Candidates who have UGC-JRF fellowships in the following areas are encouraged to apply

Minimum eligibility criteria for “Part-Time” admissions

- ❖ Candidates with an M.A. degree and a minimum of 65% aggregate may apply.
- ❖ Work in an organization particularly from Goa, which encourages and facilitates research.
- ❖ Meet the requisite minimum qualification for admission to Ph.D program of BITS Pilani.
- ❖ Have a minimum of one year work experience in related field.
- ❖ Furnish a "Consent & No Objection Certificate" from his/her parent organization in a prescribed format (**provided on the next page**)

It is mandatory for interested part-time candidates to obtain all necessary permissions from his/her employer. Admission will be made by following the same process of selection as that for full-time candidates. All existing academic regulations that apply to full-time students admitted to the Doctoral program will also be applicable to part-time PhD students, unless specifically mentioned otherwise.

Meeting the minimum eligibility criteria does not guarantee admission into the PhD program. In addition, Departments may set specific admission criteria for shortlisting. Shortlisted candidates will have to appear for an admission test, which will comprise of a written exam and/or interview.
